### **Living Chess Game at the Library**

**Denton, TX –**

Children can learn the rules of chess by participating in a living chess game to be staged at the North Branch Library. This unique twelve-week program for 9 to 14 year olds will transform participants into singing, dancing chessmen! Dr. Alexey Root, author of *Children and Chess: A Guide for Educators* and former U.S. Women's chess champion, will direct the program.

The *Living Chess* group will meet on Thursdays at 2:30 p.m. beginning September 3. The program will culminate with a performance on November 24. This class is free and open to the public. Space is limited and registration is required.
